"It's NRF2 or Nothin"

Lu et al.

Sci Trans Med

Activation of NRF2 ameliorates oxidative stress and cystogenesis in autosomal kidney disease.

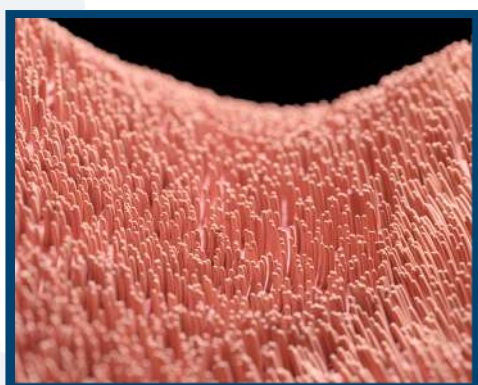

Sympathy for the adipose tissue

Wang et al.

Nature

A leptin-BDNF pathway regulating sympathetic innervation of adipose tissue.

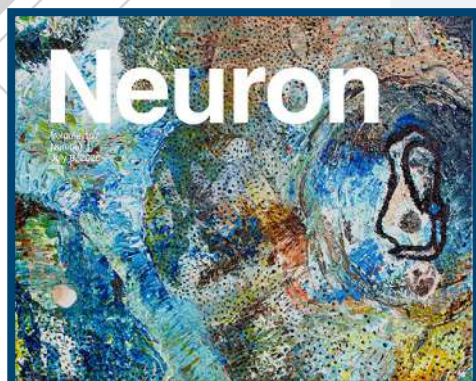

The Pearly Cilia Gates

Yan et al.

Nat. Comm

TALPID3 and ANKRD26 selectively orchestrate FBF1 localization and cilia gating.

GALC it up

Weinstock et al.

Neuron

Macrophages Expressing GALC Improve Peripheral Krabbe Disease by a Mechanism Independent of Cross-Correction.

MegaDalton Protein to the rescue

Takasugi et al.

Nat. Comm

Naked mole-rat very-high-molecular-mass hyaluronan exhibits superior cytoprotective properties.
