For Research Use Only

## Clusterin Monoclonal antibody, PBS Only

Antibodies | ELISA kits | Proteins WWW.ptglab.com

Catalog Number:66109-1-PBS

| <b>Basic Information</b> | Catalog Number:<br>66109-1-PBS  | GenBank Accession Number:<br>BC010514 | Purification Method:<br>Protein G purification |
|--------------------------|---|---------------------------------------|--|
|                          | Size:<br>1 mg/ml  | GeneID (NCBI):<br>1191                | CloneNo.:<br>2F12G10                           |
|                          | Source:<br>Mouse  | UNIPROT ID:<br>P10909                 |  |
|                          | lsotype:<br>lgG1  | Full Name:<br>clusterin               |  |
|                          | Immunogen Catalog Number:<br>AG19236  | Calculated MW:<br>449 aa, 53 kDa      |  |
|                          |   | Observed MW:<br>36 kDa                |  |
| Applications             | Tested Applications:<br>WB,Indirect ELISA,IHC   |                                       |  |
|                          | Species Specificity:<br>human   |                                       |  |
| Background Information   | Clusterin (Apolipoprotein J) is a 75-80 kDa heterodimeric glycoprotein produced by a wide array of tissues and<br>found in most biologic fluids (PMID: 7648419; 11906815). It is encoded by one single gene and cleaved<br>posttranslationally into $\alpha$ (34-36 kDa) and $\beta$ (36-39 kDa) subunits prior to secretion from the cell. Many functions<br>have been described for clusterin, including regulating apoptosis, transporting lipids, controlling cell interactions,<br>regulating complement (PMID: 10694874). |                                       |  |
| Storage                  | Storage:<br>Store at -80°C.<br>Storage Buffer:<br>PBS Only  |                                       |  |
|                          |   |                                       |  |

This product is exclusively available under Proteintech Group brand and is not available to purchase from any other manufacturer.

## Selected Validation Data

human plasma were subjected to SDS PAGE followed by western blot with 66109-1-1g (Clusterin antibody) at dilution of 1:20000 incubated at room temperature for 1.5 hours. This data was developed using the same antibody clone with 66109-1-PBS in a different storage buffer formulation. Immunohistochemical analysis of paraffinembedded human liver slide using 66109-1-1g (Clusterin antibody at dilution of 1:50 (under 10x lens). This data was developed using the same antibody clone with 66109-1-PBS in a different storage buffer formulation.

Immunohistochemical analysis of paraffinembedded human liver slide using 66109-1-1g (Clusterin antibody at dilution of 1:50 (under 40x lens). This data was developed using the same antibody clone with 66109-1-PBS in a different storage buffer formulation.
