

For Research Use Only

PFKP Monoclonal antibody, PBS Only

Catalog Number: 68129-1-PBS

Basic Information

Catalog Number: 68129-1-PBS	GenBank Accession Number: BC029138	Purification Method: Protein A purification
Size: 1 mg/ml	GeneID (NCBI): 5214	CloneNo.: 1H4D4
Source: Mouse	UNIPROT ID: Q01813	
Isotype: IgG1	Full Name: phosphofructokinase, platelet	
Immunogen Catalog Number: AG25206	Calculated MW: 784 aa, 86 kDa	
	Observed MW: 80-86 kDa	

Applications

Tested Applications:
WB, Indirect ELISA, IF

Species Specificity:
Human, Mouse, Rat, Rabbit

Background Information

PFKP (6-phosphofructokinase, platelet type) is also named as PFKF, PFK-C and belongs to the phosphofructokinase family. This form of PFK is best called the 'platelet' type and symbolized PFKP because it is the only form made by platelets, whereas fibroblasts have more than one form of PFK (Francke (1983)). PFK catalyzes the irreversible conversion of fructose-6-phosphate to fructose-1,6-bisphosphate and is a key regulatory enzyme in glycolysis. The observed molecular weight of PFKP monomer is 80-86 kDa. The molecular mass of PFKP dimer is 171 kDa (PMID: 28607489).

Storage

Storage:
Store at -80°C.

Storage Buffer:
PBS Only

This product is exclusively available under Proteintech Group brand and is not available to purchase from any other manufacturer.

Selected Validation Data

Various lysates were subjected to SDS PAGE followed by western blot with 68129-1-Ig (PFKP antibody) at dilution of 1:20000 incubated at room temperature for 1.5 hours. The membrane was stripped and reblotted with HRP-conjugated Alpha Tubulin Monoclonal antibody (HRP-66031) as loading control. This data was developed using the same antibody clone with 68129-1-PBS in a different storage buffer formulation.

Immunofluorescent analysis of (-20°C Methanol) fixed HeLa cells using PFKP antibody (68129-1-Ig, Clone: 1H4D4) at dilution of 1:400 and CoraLite®488-Conjugated AffiniPure Goat Anti-Mouse IgG(H+L). This data was developed using the same antibody clone with 68129-1-PBS in a different storage buffer formulation.
