| | | | Biological Activity: Not tested | |
| | | | Endotoxin Level: Please contact the lab for more information | |
| | | | Validated Application: Blocking peptide | |
| | Reconstitution and Storage | Reconstitution: Reconstitute at 0.25 µg/ µl in 200 µl sterile water for short- term storage. | Shipping: The product is shipped at ambient temperature. Upon receipt, store it immediately at the | |
| | | After reconstitution with sterile water, if glycerol has no effect on subsequent experiments, it is recommended to add an equal volume of glycerol for long-term storage (see Stability and Storage for more details). If a different concentration is needed for your purposes please adjust the reconstitution volume as required (please note: the ion concentration of the final solution will vary according to | recommended temperature (see below). | |
| | | the volume used). Note: Centrifuge vial before opening. When reconstituting, gently pipet and wash down the sides of the vial to ensure full recovery of the protein into solution. | | |
| Stability and Storage | Store for up to 12 months at -20°C to -80°C as lyophilized powder. | | | |
| Storage of | Short Term Storage: | | | |
| Reconstituted Protein | Store at 2-8°C for (1-2 weeks). Long Term Storage: | | | |
| | Aliquot and store at -20°C to -80°C for up to 3 months, reconstitution with sterile water and addition of an equal volume of glycerol. Avoid repeat freeze-thaw cycles. | | | |
