

Catalog Number: CM04832

产品信息

Catalog Number:
CM04832

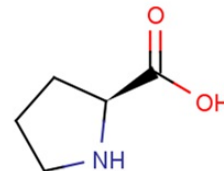

分子量:
115.13

CAS号:
147-85-3

分子式:
 $C_5H_9NO_2$

主要靶点:
Endogenous Metabolite

主要通路:
代谢

描述

L-Proline is a nonessential amino acid in humans. It is an essential component of collagen and is important for proper functioning of joints and tendons. It also helps maintain and strengthen heart muscles.

储存

Powder: -20°C for 3 years | In solvent: -80°C for 2 years
